Dear Ms. Harr:

We have completed our review of New Jersey State Plan Amendment (SPA) 13-06-MA, which we received on June 26, 2013, and find it acceptable for incorporation in New Jersey's Medicaid State Plan.

The SPA reflects that New Jersey's Medicaid program covers and reimburses all United States Preventive Services Task Forces (USPSTF) grade A and B preventative services, approved vaccines and their administration recommended by the Advisory Committee on Immunization Practices (ACIP) in the standard Medicaid benefit package without cost-sharing.

This SPA is in accordance with section 4106(b) of the Affordable Care Act (ACA) which establishes a one percentage point increase in the Federal Medical Assistance Percentage (FMAP) applied to expenditures for adult vaccines and clinical preventive services to states that cover, without cost sharing, a full list of specified preventive services and adult vaccines.

Please note the approval date of this SPA is September 12, 2013 with an effective date of April 1, 2013. Copies of the approved State Plan pages and the signed CMS 179 are enclosed

If you have any questions or wish to discuss this SPA further, please contact Vennetta Harrison at (212) 616-14.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Melendez". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
